***ISKALO DEVELOPMENT ANNOUNCES
NEW TENANT FOR 402 VULCAN***

Williamsville, NY – Iskalo Development today announced that Canine Splash LLC is opening for business in Suite 103 at Iskalo’s building at 402 Vulcan Street in the Town of Tonawanda. Canine Splash provides an indoor, full year, recreational swimming experience for the canine community in an environmentally friendly setting.

In developing their new location, the owners of Canine Splash specified recycled, repurposed, and sustainable building products ranging from flooring to appliances. Lighting over the pools was changed to ensure it is mercury free, and the company specifically chose an existing building to avoid the impacts of new construction.

“Canine Splash is a realization of a dream and we are excited to open our doors and welcome our canine friends from around Western New York,” Joanne Campagna, Managing Member of Canine Splash, said. “Dogs love the water and we offer three different pools that provide a clean, safe environment for them to swim, whether for training, recreation or wellness activities.”

“This is a unique business model and I think Canine Splash will do very well,” Eric M. Eisenried, Director of Leasing, Iskalo Development, said. “Dog owners will appreciate an indoor venue to exercise their pets, especially during Western New York’s colder months. The location is also very easy for customers to access, just minutes from the I-190 and the Peace Bridge.”

Canine Splash is Buffalo’s premier recreational swimming center for dogs, providing year round recreational swimming and water conditioning to the canine community in a clean, contained, and safe urban environment. Offering two large swimming pools along with a pet whirlpool tub, the Center is an oasis of fun and conditioning, “where a wet dog is a happy dog.” For more information, please contact Canine Splash at (716) 551-0868 or CanineSplash@gmail.com, or visit www.caninesplash.com.

Iskalo Development is a full-service real estate development company headquartered in Williamsville, NY, and specializing in corporate and medical office, light industrial, retail, and mixed use projects located throughout Western New York. The company prides itself on finding well located, underutilized buildings and repositioning them as signature properties in the marketplace. For more information, visit www.iskalo.com.
